To W Lloyd Garrison Esq

My dear Sir

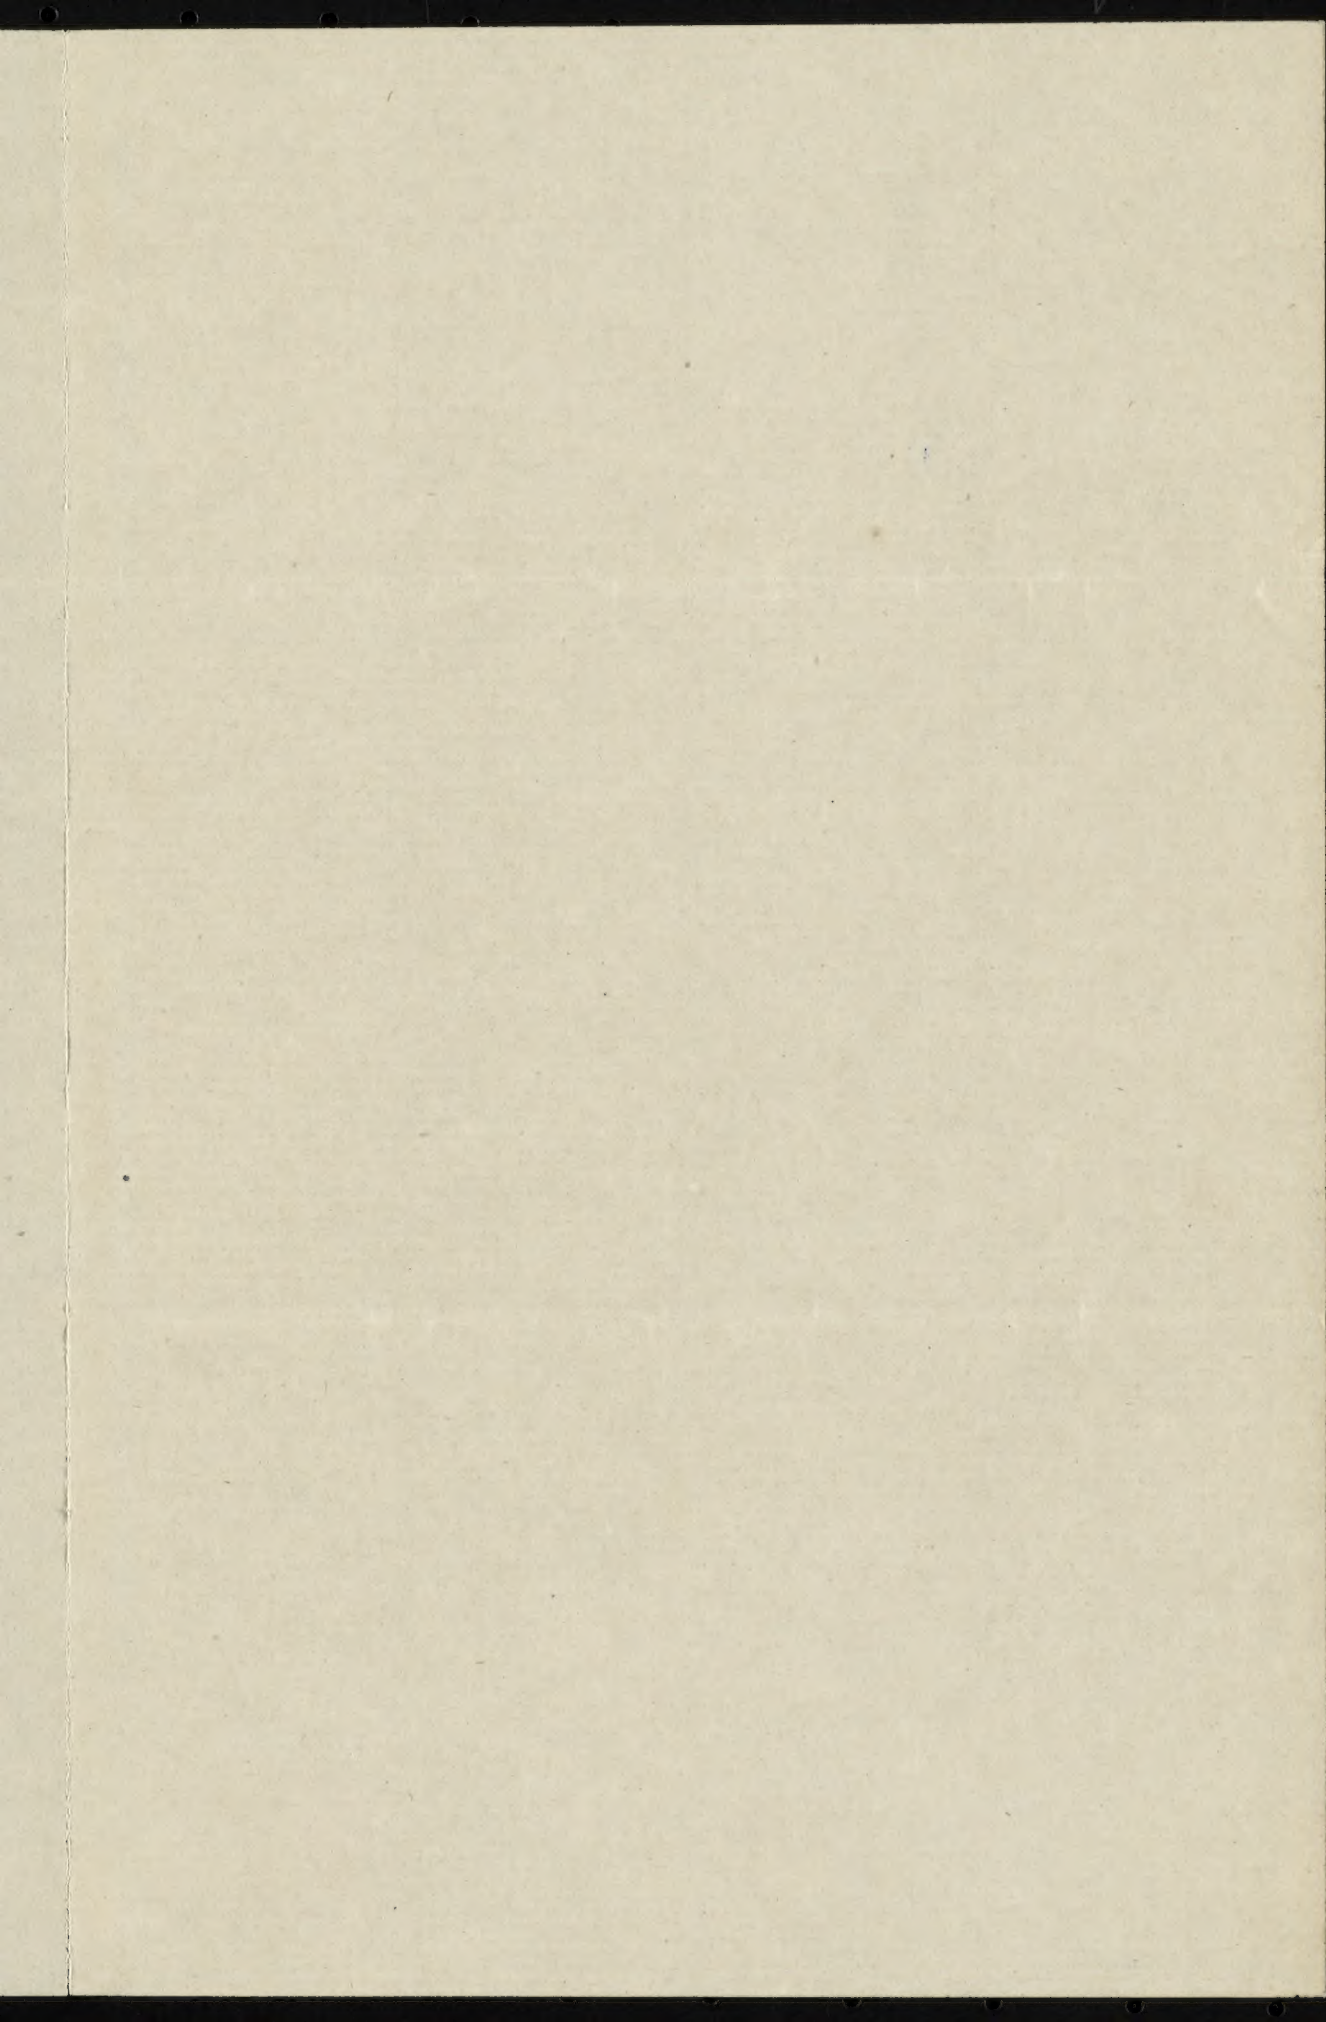

In response to your request
I have much pleasure in enclosing to you
one of my photographs, — the only one
which my dear wife could endure. But
she was unreasonable: she wanted the
features to move!

I received your newspaper letter con-
cerning the outrages in your South. I have
long grieved over the state of things there,
though of late knowing little in detail. I
fear that the worst is not past.

I am Most truly yours in esteem.
